DISCLOSING INTERESTS

There are now 2 types of interests:
'Disclosable pecuniary interests' and **'other disclosable interests'**

WHAT IS A 'DISCLOSABLE PECUNIARY INTEREST' (DPI)?

- Any **employment**, office, trade or vocation carried on for profit or gain
- **Sponsorship** by a 3rd party of your member or election expenses
- Any **contract** for goods, services or works between the Council and you, a firm where you are a partner/director, or company in which you hold shares
- Interests in **land** in Worcestershire (including licence to occupy for a month or longer)
- **Shares** etc (with either a total nominal value above £25,000 or 1% of the total issued share capital) in companies with a place of business or land in Worcestershire.

NB Your DPIs include the interests of your spouse/partner as well as you

WHAT MUST I DO WITH A DPI?

- **Register** it within 28 days and
- **Declare** it where you have a DPI in a matter at a particular meeting
 - you must **not participate** and you **must withdraw**.

NB It is a criminal offence to participate in matters in which you have a DPI

WHAT ABOUT 'OTHER DISCLOSABLE INTERESTS'?

- No need to register them but
- You must **declare** them at a particular meeting where:
You/your family/person or body with whom you are associated have a **pecuniary interest** in or **close connection** with the matter under discussion.

WHAT ABOUT MEMBERSHIP OF ANOTHER AUTHORITY OR PUBLIC BODY?

You will not normally even need to declare this as an interest. The only exception is where the conflict of interest is so significant it is seen as likely to prejudice your judgement of the public interest.

DO I HAVE TO WITHDRAW IF I HAVE A DISCLOSABLE INTEREST WHICH ISN'T A DPI?

Not normally. You must withdraw only if it:

- affects your **pecuniary interests OR** relates to a **planning or regulatory** matter
- **AND** it is seen as likely to **prejudice your judgement** of the public interest.

DON'T FORGET

- If you have a disclosable interest at a meeting you must **disclose both its existence and nature** – 'as noted/recorded' is insufficient
- **Declarations must relate to specific business** on the agenda
 - General scattergun declarations are not needed and achieve little
- Breaches of most of the **DPI provisions** are now **criminal offences** which may be referred to the police which can on conviction by a court lead to fines up to £5,000 and disqualification up to 5 years
- Formal **dispensation** in respect of interests can be sought in appropriate cases.

CHILDREN AND FAMILIES OVERVIEW AND SCRUTINY PANEL

13 MARCH 2017

PROGRESS UPDATE ON OPTIMISING THE USE OF CHILDREN'S CENTRE BUILDINGS

Summary

1. The Cabinet Member with Responsibility for Children and Families, and the Assistant Director for Families, Communities and Partnerships have been invited to the meeting to discuss the progress on Optimising the Use of Children's Centre Buildings.

Background

2. During 2016 a number of reports, scrutiny meetings and call-in procedures were considered by elected members as part of the decision making process on the future use and optimisation of Children's Centre Buildings in Worcestershire.
3. On 13 September 2016 the Cabinet Member with Responsibility for Children and Families published his decision in respect of these matters. This decision notice is attached in background papers and the decision is summarised below.

The Cabinet Member:

- (a) noted the information in the report and accompanying background information and the detail contained in the accompanying Appendices 1 to 6, including statutory duties, detailed appraisal of consultation responses and district specific equalities impact assessments;
- (b) approved the proposal to allocate a one-off sum of £30,000 which is used to support the universal provision to become self-sufficient (as outlined in detail in paragraphs 29 and 33 of the report);
- (c) approved the recommendations to change the use of 18 children's centre buildings as outlined in paragraph 34 of the report and detailed in the accompanying Appendix 1 and authorised the Interim Director of Commercial and Change to make the necessary property and lease arrangements;
- (d) authorised the Director of Children, Families and Communities to take all necessary steps to put the above into effect including a dedicated 6-9 month transition period as described in paragraph 35 of the report;
- (e) authorised the Director of Children, Families and Communities, in consultation with the Cabinet Member with Responsibility for Children and Families, to find and implement an alternative proposal that is of similar nature (i.e. still meets the definition of a children's centre) in the unlikely event that any of the particular proposals outlined in paragraph 34 of the report are unable to be implemented; and

(f) agreed to receive a further report (following any further consultation which may be necessary) if it does not prove possible to find alternative proposals under (e) above, in order to make any further decisions around the use of specific children centre buildings.

4. In accordance with the Council's Constitution, the decision was subsequently called-in and was considered by the Overview and Scrutiny Performance Board (OSPB) on 21 October 2016. The Chairman proposed that the decision should be accepted but with qualification, that the Children and Families Overview and Scrutiny Panel be requested to work with the Cabinet Members with Responsibility throughout the implementation of the decision to ensure continued Scrutiny and Quality Assurance and to report any concerns to OSPB. This was agreed by the Board.

Progress update

5. Following the acceptance of the decisions outlined in paragraph 3 above work has been undertaken to ensure the smooth transfer of Children's Centre buildings and to ensure the necessary support for this process and the sustainability of universal stay and play provision across the county. A summary of progress is detailed in paragraphs 7-9 below and a centre by centre summary of progress in implementing change and activities is provided in Appendix A.

6. In addition to ensuring the smooth transfer of Children's Centre buildings, work is also progressing on developing and embedding new early help services and pathways across the 0-19 Public Health Nursing Service and Parenting and Targeted Family Support Services. This work forms an integral part of the Safeguarding Improvement Plan (Outcome 8) and also includes supporting and challenging the whole workforce in playing their full part in identifying risk and managing need at the earliest stage.

Renewal of leases of the 12 centres which continue to be occupied by Parenting and Family Support providers (previously known as Early Help providers).

7. Current providers are contracted to the end of March 2019 and leases are currently being aligned where appropriate to this new contract end date. This work is nearly at completion for South Worcestershire (Action for Children) and in Bromsgrove (Redditch Borough Council). It is expected that all other areas will be completed by the end of March 2017.

Transfer of centres to schools/other providers

8. In view of the lengthy lease negotiation process, officers have worked with colleagues in Place Partnership Ltd to put in place Tenancy at Will arrangements to ensure legal occupation of buildings by the agreed new occupiers. In a small number of cases this has not yet taken place due to the future use of the building still needing to be agreed. However, in all cases continued delivery has been possible by effective partnership working between teams within WCC, Place Partnership, providers and schools. To support new occupiers, one off start-up funding has been made available on a need-by-need basis to support initial running costs and minor alterations in buildings in order to make them fit for purpose for the new arrangements. More detail can be found in Appendix A.

Sustaining Stay and Play provision

9. The use of the allocated £30k to support the sustainability of universal stay and play sessions has started to be allocated following requests from providers and schools. To date a request for £8,127 from Redditch Borough Council (for provision in Redditch and Bromsgrove districts) and for £5,000 from the Provider 10:32 for provision in the Wyre Forest area have been approved. These requests include using funding to update equipment, ensure suitable access arrangements and for the training and guidance of staff and/or volunteers to run sessions. It is anticipated that the full £30k will be allocated across the county by the end of this term. A wide range of sessions continue to be delivered across the county, in a variety of settings, and are publicised via the council's website (<http://www.worcestershire.gov.uk/childrenscentres>)

10. After only a month of their new contract one of the Parenting and Family Support providers reported a significant uptake of volunteering opportunities and reported:

"Since the 1st of December we have had over 30 people register an interest in volunteering within the new service. This has been driven by the public's desire to see activity groups continue to run from the children's centres. So far 28 individuals are at various points along the application process, with the majority ready to be placed within new volunteer led groups."

The report then listed the sessions running with the help of volunteers at 6 separate centres in south Worcestershire with sessions at a further 3 centres planned, and confirmed the possibility of running an additional needs support group run by volunteers to support young people affected by Autism and Asperger's and their families once a month in the Sunshine centre in Malvern. These are only examples of the community capacity building work being undertaken by providers.

Purpose of the Meeting

11. The Children and Families Overview and Scrutiny Panel is asked to:

- Consider the information in the update
- Determine whether it would wish to carry out any further scrutiny, and
- Agree whether it would wish to make any comments to the Cabinet Member with Responsibility for Children, Families and Communities.

* Health provision can include midwife clinics, health visitor drop in sessions or routine appointments, speech and language provision and in some cases paediatric or specialist clinics. These services are provided by other organisations who will from time to time review and change their provision in line with contracts, demand and other available community buildings (e.g. Health Centres). It cannot be guaranteed therefore that current health provision at these centres will remain unchanged.
