Story behind the baseline
- Total recorded crime was reduced by 17% in the period between 2011/12 and 2013/14.
- However, there has been a 14% increase in TRC between 2014/15 and 2015/16.
- Changes to ethical reporting will have had a level of impact on total recorded crime.
- Assault (with or without injury) makes up 29% of the total recorded crime in North Worcestershire (2015/16) and has seen a 54% year on year increase.

Implications
- Fear of and perception of crime can impact on social cohesion and communities.
- Home Office Research found total cost of crime against individuals and households was £36,166 million in 2003/04[1].
- Increase in reported crime coming at a time of reduced resources.
- Community / decision makers not understanding impact of reporting changes on crime levels.

Identified Risks
- Cuts will reduce the Council's ability to drive the Community Safety Partnership.
- Potential reduction in Local Authority funding.
- Impact of changing and growing population.
- Delays whilst waiting for Worcestershire and West Mercia approaches to be agreed / decided.
- Two tier authority a challenge – what is the role of Worcestershire if they don't have the money.

Gap Analysis
- Community consultation to address fears and perceptions of crime.
- Meaningful evaluation of the impact in changes in reporting.
- Intelligence and analysis to further understand causes of changes to crime profile.

Police and Crime Plan Outcomes
- To reduce the volume of violent crime with an emphasis of addressing the harm caused by alcohol through partnership working.
- To reduce the volume of anti-social behaviour incidents.
- To reduce re-offending and bring offenders to account.
- To develop and implement a business crime strategy.
- To work in partnership to protect the most vulnerable people in our society.
- To deliver a supportive and effective response to victims and witnesses.
- To work with the Safer Roads Partnership to reduce the number of casualties on our roads.
- To meet the requirements of the Strategic Policing Requirement.
- To reduce the harm caused by drugs with a focus on treatment, and targeting those that cause the most harm.
