<b>Accounting Adjustments/Alternative Sources of Funding</b>					
Conversion of Highways Revenue Maintenance costs from the revenue to capital budget, no reduction in actual spend.	E&I	5,000			5,000
Capitalisation of Maintenance Revenue Costs - A full analysis of existing revenue property maintenance budgets will take place during 2017/18 to identify spend which can be capitalised. The work will also identify a programme of condition surveys and the associated costs. The information collected as part of this exercise will support the development of an updated maintenance programme which will cover a three to five year period.	COaCH	100	100		200
Capitalisation – Along with other areas within the Council, use of capital funding is being investigated in order to release revenue budgets with the expectation that reductions of £300,000 could be made.	CFC	300			300
Reprioritisation following confirmation of Public Health Ring Fenced Grant (PHRFG) - Existing plans are based on cautious estimates of assumed grant levels from 2018. Further reprioritisation of spend will follow confirmation of the grant at the end of 2017	PH	500			500

<b>New Reforms</b>					
Review of expenditure and income budgets across Environmental and Infrastructure services, to include waste services and street lighting.	E&I	3,600			3,600
Libraries - Through a combination of property remodelling, looking at innovative ways to deliver the service, reduction in costs as well as generating income, efficiencies are expected to be made over the 3 years totalling £1m. In future years, in consultation with the public, a new model for library services will be investigated.	CFC	200	500	300	1,000
Income Generation - Review of income generation opportunities across the directorate. Feasibility studies will be necessary - the target is therefore set for future years.	CFC		100	40	140
Education Services – A review of the internal and contracted services relating to provision of education and skills will be undertaken to reduce expenditure in the region of £280,000 over the 3 year period.	CFC	210	70		280
Staffing savings- Through a mix of reorganisation to ensure we have the most effective staffing structure in place to integrate work flow and contract efficiencies a budget reduction of approximately £155,000 is forecast over the medium term.	CFC	105	50		155
Adoption - Adoption Services are currently moving towards a new model of delivery by transferring to the Adoption Central England (ACE) Regional Adoption Agency in February 2018. This, together with a reorganisation of the services and associated staff that are out of scope for the transfer could generate a saving of £346,000 over the 3 year period	CFC	70	26	250	346
Workforce Spend Review - The Council spends circa £90m per year on it's workforce. This spend aligns with three key overarching areas which are governance, management best practice and terms and conditions.  It is therefore proposed that a review is carried out of all associated workforce spend around these three key areas, as identified above. The first step is to understand the workforce spend in each of these areas, followed by the identification of next steps which will then need to be negotiated with the relevant Unions. This will be completed early in 2018/19.	COaCH	600			600

<p>IT Technical Support to Worcestershire County Council - ICT Managed Service contract was let in December 2014 with an operational start date of February 2015. The contract covered computers, mobile phones, telephony, servers, storage, Wireless access points and audio visual equipment and equipment support (e.g. council chamber webcast). As the contract has progressed it is becoming increasingly clear that the IT landscape around which the contract was awarded has changed and it is expected that this will continue to evolve.</p> <p>The proposal is for the support to the items outlined above is delivered through a WCC based team. This would enable the Council to have greater control and increased responsiveness to emerging IT demand, whilst being able to access specialist IT expertise when required. This work stream would be delivered during 2018.</p>	COaCH	250			250
Review of Learning Disability (LD) Day Services / 12 week Connect Service - Review of In House Day Services, including reduction/ceasing non-statutory 12 week preventative service. Maximising Benefits to Secure Additional Income - Working in partnership with DWP/Voluntary sector partners to support people to maximise their entitlement to benefits; to help promote health and wellbeing whilst aiding independent living. This will also increase the amount that people can contribute to their care.	DAS	250	250		500

Advocacy Joint Commissioning - Work with neighbouring Councils to aim for a joint service and/or contract which delivers efficiencies for all partners	DAS	50	50		100
Transport Provision - Ensure service users are appropriately using their higher rate mobility allowance to cover the cost of transport needs relating to Adult Social Care. Additional transport funding should only be considered if needs are over and above funding available via higher rate mobility allowance.	DAS	180	180		360

Treasury Management - Further iterations on the Treasury Management Strategy will be considered – the incorporation of property funds and other investment vehicles	FIN	50	25		75
Contract Reviews - There are a number of contracts where strictly the statutory duties sit with housing, police, and NHS, and the County Council has a duty to cooperate. We would be looking to have strategic discussions with relevant partners and authorities with a view to developing proposals for redesign and potential joint commissioning by October 2018.	PH		150	417	567
Housing Extra Care - The current service consists of lower level health and well-being support, but this is not a strongly evidence based service. Savings should be made by practice change and developing effective partnerships with VCS and local communities, with limited risk to residents. Working with extra care settings, to support the development of health promoting environments could be more productive and at a reduced cost to WCC	PH		120		120

Supporting Independence at Home (Aids and Adaptations) - The Health and Wellbeing Board have established a workstream to identify improvements in systems operating between Housing, Health and Adult Social Care and to review services that assist people live independently at home and reduce pressures on hospital services and social care. This will include considering opportunities to improve joint commissioning of relevant services between the key agencies and where service contracts could be more joined up. In that context this would include a review of the Home Improvement Agency contract, which is jointly commissioned by the six District Councils and WCC and delivers a range of services to maintain people's independence at home, including the provision of Disabled Facilities Grants. The current contract will operate until March 2019.	PH		230		230
Lifestyle Services - We shall review the provision and design of available lifestyles services to complement and support and improve the Health Check programme and the National Diabetes Prevention programme. It is anticipated this will release £100k in 19/20 through greater integration of provision and targeting of services.	PH		100		100
Review of Mandated Areas - All our mandated services have been reshaped to include a renewed focus on prevention. It is anticipated that by 19/20 this may result in reduction in activity releasing £150K (1%) and enabling further service redesign to recommission at that level.	PH		150		150
