DISCLOSING INTERESTS

There are now 2 types of interests:
'Disclosable pecuniary interests' and **'other disclosable interests'**

WHAT IS A 'DISCLOSABLE PECUNIARY INTEREST' (DPI)?

- Any **employment**, office, trade or vocation carried on for profit or gain
- **Sponsorship** by a 3rd party of your member or election expenses
- Any **contract** for goods, services or works between the Council and you, a firm where you are a partner/director, or company in which you hold shares
- Interests in **land** in Worcestershire (including licence to occupy for a month or longer)
- **Shares** etc (with either a total nominal value above £25,000 or 1% of the total issued share capital) in companies with a place of business or land in Worcestershire.

NB Your DPIs include the interests of your spouse/partner as well as you

WHAT MUST I DO WITH A DPI?

- **Register** it within 28 days and
- **Declare** it where you have a DPI in a matter at a particular meeting
 - you must **not participate** and you **must withdraw**.

NB It is a criminal offence to participate in matters in which you have a DPI

WHAT ABOUT 'OTHER DISCLOSABLE INTERESTS'?

- No need to register them but
- You must **declare** them at a particular meeting where:
You/your family/person or body with whom you are associated have a **pecuniary interest** in or **close connection** with the matter under discussion.

WHAT ABOUT MEMBERSHIP OF ANOTHER AUTHORITY OR PUBLIC BODY?

You will not normally even need to declare this as an interest. The only exception is where the conflict of interest is so significant it is seen as likely to prejudice your judgement of the public interest.

DO I HAVE TO WITHDRAW IF I HAVE A DISCLOSABLE INTEREST WHICH ISN'T A DPI?

Not normally. You must withdraw only if it:

- affects your **pecuniary interests** **OR** relates to a **planning or regulatory** matter
- **AND** it is seen as likely to **prejudice your judgement** of the public interest.

DON'T FORGET

- If you have a disclosable interest at a meeting you must **disclose both its existence and nature** – 'as noted/recorded' is insufficient
- **Declarations must relate to specific business** on the agenda
 - General scattergun declarations are not needed and achieve little
- Breaches of most of the **DPI provisions** are now **criminal offences** which may be referred to the police which can on conviction by a court lead to fines up to £5,000 and disqualification up to 5 years
- Formal **dispensation** in respect of interests can be sought in appropriate cases.

Scrutiny Proposal

Topic: Children and Adolescent Mental Health Services

Background to the issue
(what is it and why is it being considered for scrutiny)

The Child and Adolescent Mental Health Service (CAMHS) provides support to children and families where a young person is experiencing significant mental health difficulties.

Commissioning and planning of most health services for children and adolescents are NHS funded. CAMHS report through the children's health commissioning team which is jointly funded by the Worcestershire Clinical Commissioning Groups and Worcestershire County Council. Services are provided by Worcestershire Health and Care NHS Trust.

Mental health for children and adolescents has been identified as a priority on the work programme of the Children and Families Overview and Scrutiny Panel. The nature of services means scrutiny work is also relevant to the Health Overview and Scrutiny Committee, which last reviewed the service in September 2018 and asked to revisit the topic after 12 months.

Terms of reference

To investigate the availability of and access to mental health services for children and adolescents.

Suitability for scrutiny. Which of the following criteria does it meet?

<i>Is the issue a priority area for the Council?</i>	Yes	<i>Does it examine a poorly performing service?</i>	<i>Unsure</i>
<i>Is it a key issue for local people?</i>	Yes	<i>Has it been prompted by new Government guidance or legislation?</i>	<i>National issue</i>
<i>Will the scrutiny have a clear impact on services?</i>	<i>Possibly</i>	<i>Will it result in improvements to the way the Council operates?</i>	<i>Possibly</i>
<i>Are improvements for local people likely as a result?</i>	<i>Possibly</i>		

Scope of scrutiny
(what issues will it cover and what won't it cover)

To investigate what mental health services are available to children and adolescents and how they are accessed, including out of hours, provision during times of crisis and wider issues such as autism and behaviour. We will also review whether our most vulnerable children, i.e those in care, subject to child protection and child in needs plans and their parents, where MH needs and risk exist, are able to access appropriate services and in a timely way

To include:

- current performance (e.g.waiting times)
- demand for services
- feedback from service users

	<ul style="list-style-type: none"> • feedback from service providers • how the situation in Worcestershire compares with statistical neighbour authorities and the national picture. • Childrens Social Care Data <p>It has been suggested that the Task Group may wish to take into account the following recommendation from the House of Commons Education Committee report into Mental Health and Well-being of Looked After Children:</p> <p><i>It is important that all children who need access to CAMHS get it in a timely manner. In recognition of the distinct challenges which looked-after children and young people face, we recommend that they should have priority access to mental health assessments by specialist practitioners but that subsequent treatment should be based on clinical need.</i></p> <p><i>N.B. O&S has committed to ensure that the following are considered in all scrutiny reviews as appropriate</i></p> <ul style="list-style-type: none"> • equality and diversity issues • commissioning • localism
Advantages to conducting scrutiny & Indicators of success (ie how will you know a good scrutiny has been done?)	<ul style="list-style-type: none"> • Reassurance about capacity, performance and availability of CAMHS • Increased councillor knowledge about how CAHMS works and the issues involved
Has anyone else examined the issue?	An overview was provided to the Health Overview and Scrutiny Committee on 19 September 2018
Any disadvantages or pitfalls to conducting this scrutiny?	<p>CAMHS is a wide service and as the scrutiny progresses, care may be needed to determine the main focus of the scrutiny work</p> <p>Care will be needed with potentially sensitive information about individuals</p>
