

# Restoration Strategy

# Clifton Quarry

This drawing illustrates the Proposed Restoration Strategy of all land within the Planning Application Boundary.

**The Aim of the Restoration Scheme is :-**

The creation of a wildlife enhanced agricultural landscape capable of a long term sustainable management.

**Objectives**

- To concentrate the sites soil resource to maximise the area of restored land capable of achieving agricultural best and most versatile land characteristics.
- To protect and enhance the Ashmoor Common SSSI.
- To reinstate along original alignments sections of temporarily disturbed public rights of way
- To increase the Biodiversity of the Site

**Notes**

- All restored agricultural land to be a minimum soil profile of 1.2m in thickness
- Site land drainage to be assessed and installed during the 5 year aftercare period based on site observations/requirements
