

AUDIT AND GOVERNANCE COMMITTEE

21 JULY 2016

CORPORATE RISK REPORT

Recommendation

- 1. The Audit and Governance Committee is requested to note the latest refresh of the Corporate Risk Register (Appendix 1 and 2), including the red risk identified and mitigating actions.**

Background

2. The Corporate Risk Register provides a mechanism for collating and reporting strategic risks that could affect the delivery of corporate objectives. Each risk listed on the Corporate Risk Register is monitored by Directorates and reported through the corporate process to provide assurance on the adequacy of arrangements to mitigate the risks.

3. Appendix 1 provides an overview of the Corporate Risk Register for Quarter Four 2015/16 as reported to Cabinet, including the status of individual risks. One risk continues to be rated as 'red':

- demographic changes lead to changed demand for services.

Detail about the actions to address this risk is contained in the Appendix.

4. The Committee has previously asked for more detail in relation to the rating of the individual risks. Appendix 2 provides a cut-down version of the Corporate Risk Register that shows the ratings for individual risks with no intervention, and with the mitigations currently in place. It also shows ratings at Directorate level. The pages at the front provide a key to the scoring process.
