Safeguarding

Impact on Safeguarding Children
If yes please give details

No

Impact on Safeguarding Adults
If yes please give details

No

Item for Decision, Consideration or Information

Information and assurance

Recommendation

- 1. The Health and Well-being Board is asked to:**
 - a) Note the information on progress and issues relating to the priorities**
 - b) Note the emerging issues and ask the Health Information Group to consider these for action that may be required**
 - c) Note the briefings and other further reports available**

Background

2. This is the first annual JSNA summary following the update of the Health and Wellbeing strategy earlier this year. It pulls together information relating to the three new priorities:
 - Keeping active at every age
 - Preventing alcohol harm at all ages

- Good mental health and wellbeing at all ages
3. Alongside these data are some brief summaries of some issues that are either starting to show some potential problems locally or that are likely to lead to possible issues in the future. These emerging issues that have been identified are
- The narrowing gap between Worcestershire and England;
 - The rapid growth in housing;
 - Homelessness;
 - Sexual Violence;
 - Autistic Spectrum Disorder (ASD);
 - Migrant Health/Social Cohesion.
4. Finally the report includes an brief summary of each of the briefings produced for JSNA over the last year and where these can be found on the JSNA website.

Legal, Financial and HR Implications

5. None

Privacy Impact Assessment

6. All data have been prepared according to guidance on disclosure and have been presented in a way that does not allow the identification of individuals.

Equality and Diversity Implications

7. An Equality Relevance Screening has been completed in respect of these recommendations. The screening did not identify any potential Equality considerations requiring further consideration during implementation.
