Dear Mark,

**Worcester Acute Trust Application for Integrated Digital Care Fund**

Thank you for the information regarding the Worcester Acute Trust EPR programme and the application to the Integrated Digital Care Fund.

This letter is to support the funding application from Worcester Acute Trust. As Chair of the Health and Wellbeing Board, I would like to offer support for the Trust's EPR programme but subject to approval at the next Health and Wellbeing Board meeting. The programme will clearly improve the Trust's digital maturity and each of the projects will significantly benefit the patients and clinical teams.

I am aware that the organisation has recent experience of managing IT enabled transformation projects and therefore I have confidence that the organisation will effectively support stakeholders to adapt to the new ways of working.

I wish you well with the application process and look forward to hearing the outcome.

With my very best wishes.

Yours sincerely,

**Marcus J Hart**
