SC&C14	IT Technical Support to Worcestershire County Council - ICT Managed Service Contract was let in December 2014 with an operational start date of February 2018. The contract covered computers, mobile phones, telephony servers, storage, wireless access points and audio visual equipment and equipment support (eg council chamber webcast). The proposal is for the support to the items outline above is delivered through a WCC based team. This would enable the Council to have greater control and increased responsiveness to emerging IT demand, whilst being able to access specialist IT expertise when required.
