

CONSERVATIVE GROUP PROPOSED AMENDMENT

AGENDA ITEM 9 – NOTICES OF MOTION

NOTICE OF MOTION 3 – KINSHIP CARERS

Proposed revised wording:

“Council recognises the important contribution from kinship carers in the county. However, some kinship carers especially grandparents and older siblings, can face unexpected hardship, stress and anxiety. Council therefore requests the Cabinet Member responsible to see that the current review of the services and support available to kinship carers is completed, and to make its findings available for scrutiny, to consider what future help, support and assistance could be provided to help and support kinship carers in Worcestershire.”
