

# **Domestic Abuse commissioning update**

Police and Crime Panel, 21<sup>st</sup> October 2014

**Glyn Edwards**

Commissioning Manager

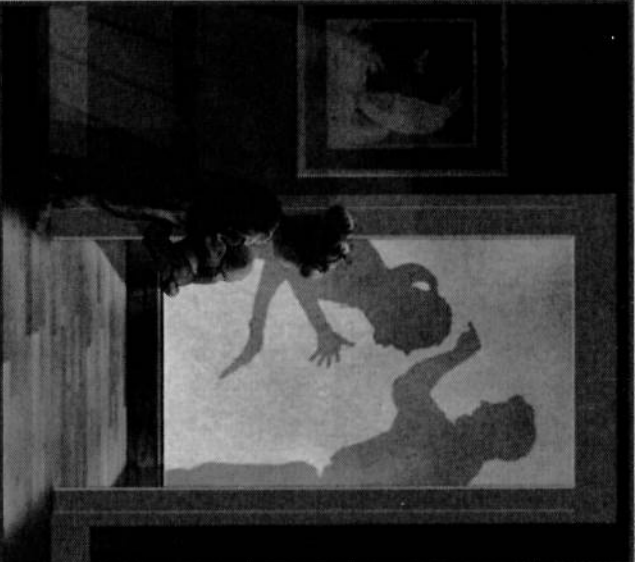

Office of the West Mercia Police and Crime Commissioner

# Some context behind our rationale to jointly commission Domestic Abuse pathways across West Mercia...

Spend to Save

Strategic alignment

The right thing to do :  
equipping skills and  
support structures

4859 Domestic Abuse  
Crimes

1238 Sexual Violence  
Crimes

8% total crime in West Mercia  
(recorded crime)

The associated cost of Domestic Abuse  
for stakeholders:

# £171,700,000

## It is recognised that throughout West Mercia we have:

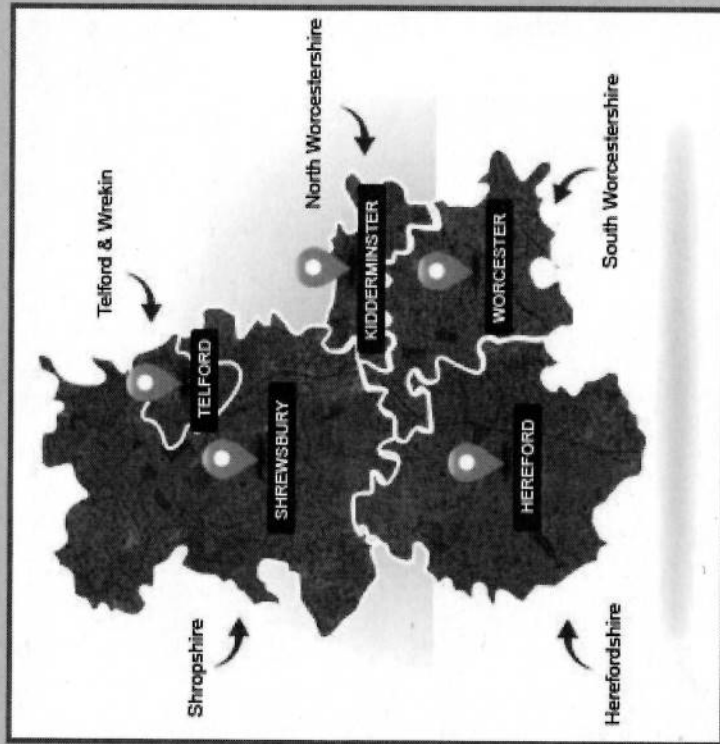

Reach throughout the region  
Predominantly good service delivery

Accountable by outcomes

Innovation:

- IDVA piloting from hospital site
- non recourse to public funds pilot
- perpetrator and Freedom programmes

Initial commitment from LA commissioners to work 'collaboratively' and potentially joint commission IDVA's – *which nationally has the potential to be seen as a best practice pilot.*

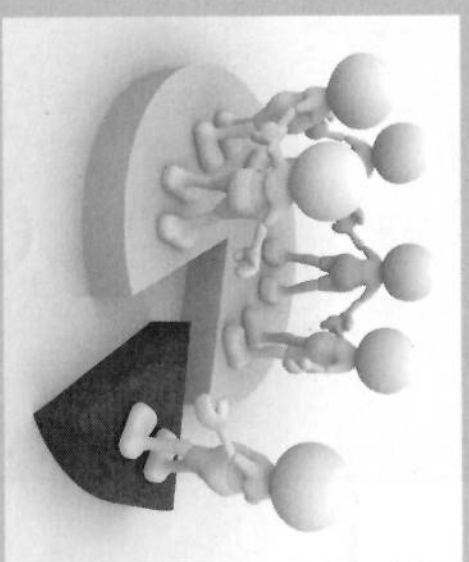

# OPCC Commissioning of Domestic Abuse provision 2015 ...

Strategic commissioning of a 'victim' pathway for West Mercia  
*Volume Crime, Domestic Abuse and Sexual Violence*

End to end pathway of  
support for victim

Co-commissioning with  
Local Authority  
commissioners and  
formalising Domestic Abuse  
responsibilities

Strategic engagement  
with LA and Public  
Health, and CCG, to  
ensure shared outcomes  
are understood/realised

Joint commissioning where possible - *View of enhancing outcomes, increasing scope for  
value for money, cope and recovery focused.*
