

WPF Governance Compliance Statement 2021 benchmarked against App 2 of the [Phase 3 Good Governance Report](#)

V1 dated 06 09 2021

Our Governance Compliance Statement 2021 (the four-column table) is reproduced in full at the end of this benchmarking.

What follows immediately below is Appendix 2 of the [Phase 3 Good Governance Report](#) with a red benchmarking (against our Governance Compliance Statement 2021 and our ways of working) commentary.

A Conflicts of interest

A1. Conflicts of Interest Policy

This area is mentioned but not fully covered in sections A (a), C (b) and I (a) of our Governance Compliance Statement 2021, but we have no separate conflicts of interest policy although we have drafted a declaration of conflicts of interest. We do publish our [Funding Strategy Statement](#) and our [Pension Administration Strategy](#) on our website.

The Fund has published a conflict of interest policy which sets out:

- How it identifies potential conflicts of interest (including those set out in recommendation B1)
- How it ensures that understand their responsibilities in respect of ensuring that conflicts of interest are properly managed;
- That the policy applies to officers, elected members, members of the local pension board and advisers and contractors;
- Systems, controls and processes for managing and mitigating conflicts of interest effectively;
- How it reviews the effectiveness of its conflict of interest policy and updates it as required;
- How it embeds a culture which supports the management and mitigation of conflicts of interest.

The Governance Compliance Statement includes a link to this policy.

A2. Conflicts of Interest Process

The fund embeds the management of conflicts of interest into its everyday processes. This includes:

- Providing regular training to members of the pension committee, pension board and officers on identifying and managing potential conflicts of interest;
- Ensuring a record is kept of situations where the Conflict of Interest Policy has been applied to mitigate or manage a potential conflict situation;
- Ensuring that a declaration of interests forms part of the agenda for all pension committee and pension board meetings and that an annual declaration of interests is completed;
- Ensuring actual and potential conflicts of interest are considered during procurement processes; and
- Ensuring that conflicts of interest form part of the Fund's suite of policies for example the Funding Strategy Statement and Administration Strategy.

A3. The Council as administering authority and employer

The Council recognises that its dual role as both an employer participating in the Fund and the body legally tasked with its management can produce the potential for conflicts of interest. It is important that these potential conflicts are managed in order to ensure that no actual or perceived conflict of interest arises and that all of the Fund's employers and scheme members are treated fairly and equitably.

The Fund achieves this in the following ways:

- The Funding Strategy Statement sets out the Fund's approach to all funding related matters including the setting of contribution rates. This policy is set with regard to the advice of the Fund actuary and is opened to consultation with all Fund employers before being formally adopted by the Pension Committee. The approach to contribution setting is based on specific employer characteristics such as its time horizon, strength of covenant and risk profile. This approach ensures a consistency across all employers and removes the possibility of any employer receiving more, or less, favourable treatment.
- The Fund also has an admissions policy which details its approach to admitting new employers to the Fund. This includes its approach to the use of guarantors, bonds and the setting of a fixed contribution rate for some employers. This policy, in conjunction with the Funding Strategy Statement, ensures a consistent approach when new employers are admitted in to the Fund.
- The Fund's administration strategy sets out the way in which the Fund works with its employers and the mutual service standards that are expected. The policy details how the Fund will assist employers to ensure that they are best placed to meet their statutory LGPS obligations. On occasions where an employer's failure to comply with required processes and standards has led to the Fund incurring additional cost, the policy also provides for that cost to be recovered from the employer in question. This policy has been opened to consultation with all the Fund's employers and is operated in a consistent fashion across all of the employer base.
- The pension fund is run for the benefit of its members and on behalf of all its employers. It is important therefore that the Fund's budget is set and managed separately from the expenditure of the Council. Decisions regarding pension fund resource are taken to the Pension Committee who then make recommendation to the S151 officer.

B Clarity of Roles and Responsibilities

B.1 Clear decision making

This area is mentioned but not fully covered in sections A (a) - (c), B (a), C (a), D(a), F (a) – (c), G(a), H(a) and I(a) of our Governance Compliance Statement 2021, but we have no decision matrix.

The Council's constitution and scheme of delegation set out the terms of reference for the Pension Committee.

The Pension Board's terms of reference and the membership and terms of reference for any sub-committees are also published.

The scheme of delegation is supported by:

- clearly documented role and responsibilities for the LGPS Senior Officer, S151 and pension fund officers / Head of Pension Fund; and
- a decision matrix which sets out the key decisions that are required to be made in the management of the Fund and the role that the main decision makers have in

those decisions. The matrix sets out when an individual or body is responsible for a decision, accountable for a decision or where they must be consulted or informed of a decision.

On a regular basis the Fund's business processes are referenced against the decision matrix, to ensure that they properly reflect the correct responsibility and accountability. The terms of references for the Committee & Board are publicly available and should be reviewed on a regular basis.

C Sufficiency of resources for service planning and delivery

This area is not mentioned in our Governance Compliance Statement 2021, but we table rolling, quarterly Business Plans that include KPIs / budgets and our Risk Register to the Pensions Committee and Pension Board. We publish our [Pension Administration Strategy](#), [our annual reports](#) and [our structure](#) on our website. A programme of internal audits is in place. We participate in benchmarking.

In order to ensure that the Fund has the appropriate resource to deliver its statutory obligations it has adopted a 3 stage approach.

C.1 Business planning and budget setting

The Fund operates a 3 year business plan which sets out the priorities for the Fund's services. It is comprehensively reviewed, updated and agreed by the Pension Committee before the start of each financial year. If necessary, the plan is reviewed and updated on a more frequent basis. The business plan is publicly available.

The business plan takes into account the risks facing the Fund, performance of the Fund (including backlogs of work) and anticipated regulatory changes.

The business plan also includes the Fund's budget. Resource requirements (including staff recruitment, procurement and other specialist services) are determined by the requirements of the Fund's business plan.

The business plan also sets out the Key Performance Indicators (KPIs) which will be used to monitor progress against the business plan.

Progress against the business plan, including actual spend, is monitored by the Pension Committee on a regular basis and published in the Fund's annual report and accounts.

C.2 Service delivery

The Fund publishes an administration strategy which sets out how it will deliver the administration of the Scheme. The strategy includes:

- details of the structures and processes in place for the delivery of the pension administration function;
- expected levels of performance for the delivery of key Fund and employer functions;
- the Fund's approach to training and development of staff;
- the Fund's approach to the use of technology in pension administration.

C.3 Monitoring delivery and Control environment

The Fund recognises the importance of monitoring and reporting how it delivers progress against the business plan. This is done on the following ways:

- Performance against KPIs is reported to the Pension Committee and Pension Board on a regular and agreed basis. KPI performance is reported in the Fund's annual report. Plans to address any backlogs added to business planning process above.
- Every year the Fund's internal auditors carry out reviews to provide assurance that the Fund's processes and systems are appropriate for managing risks. The areas for

review are agreed in advance with the Pension Committee and findings are reported to them.

- This year the internal audit also included an assessment of the Fund's performance against the requirements of The Pension Regulator's Code of Practice 14. The assessment recognised that the Fund is fully compliant in most areas but did make a number of suggestions about how the Fund could improve its internal controls for managing data. These suggestions have been adopted into the Fund's data improvement plan.
- Last year the Pension Board assisted the committee by undertaking an independent review of the sufficiency and appropriateness of the Fund's governance and operational resources. The review found that the Fund was for the most part properly resourced although the use of regular staff to tackle a backlog of aggregation cases was causing the backlog project to fall behind and having an adverse impact on business as usual. The review suggested procuring additional temporary resource in order to address the backlog issue.
- The Fund also participates in national benchmarking exercises which provides information on how costs, resource levels and quality of service compare with other LGPS funds and private sector schemes. The benchmarking did not identify any significant areas of concern.

D. Representation and engagement

This area is mentioned but not fully covered in sections A (b), B (a), C (a), D(a), F (a) – (c), G(a), H(a) and I(a) of our Governance Compliance Statement 2021. We have a [Policy Statement on Communications](#), a [Governance Policy Statement](#), terms of reference for the [Pensions Committee](#) and the [Pension Board](#) and run employer forums. We consult on changes to our [Funding Strategy Statement](#) via our monthly employer bulletins. We do not offer online access to a member's pension record.

The Fund has published a Policy on representation and engagement.

D.1 Representation on the main decision making body

The policy recognises all scheme members and employers should be appropriately represented in the running in the Fund while at the same time ensuring that the Council, as the body with ultimate responsibility for running the Fund, maintains a majority position on the key governance bodies. To this end the Fund's representation policy and the Council's constitution specify that the Council shall maintain a majority of voting members on the Pension Committee. The present Pension Committee is constituted as follows;

Pensions Committee – Membership and Meeting Attendance (Governance KPIs 1 and 2)

	Administering Authority / Employer / Member representative / Other	Meeting Date				Attendance (%)

D.2 Membership of the Local Pension Board

The Local Pension Board is constituted as follows;

- 4 employer representatives comprising;
 - 2 elected members of the Council
 - 1 elected member of the District Council
 - 1 member representing all other employers
- 4 scheme member representatives comprising;
 - 1 member appointed by trade unions
 - 3 members representing active, deferred and pensioner Scheme members (to be appointed by an open election process)
- 1 independent chair

With the exception of the Chair, all members are full voting members.

The Pension Board has an independent adviser.

D.3 Engagement with employers

The Fund carries out a range of activities that are designed to engage employers. These are set out within the Fund's Communication strategy and include:

- An Annual Employer Forum which provides an opportunity for employers to receive an update on the performance of the Fund, provide feedback on the service and receive updates on the LGPS and related issues;
- The Fund engages and consults with employers during the actuarial valuation and specifically on key strategies such as the Funding Strategy Statement;
- A quarterly employer newsletter provides update on technical changes, process reminders and a calendar of key upcoming dates;
- Training sessions which can be provided on request covering the main areas of employer responsibility, for example year end returns, processing ill health cases and internal dispute resolution procedures; and

- The Fund is available to provide support on issues such as outsourcing services or workforce restructuring.

D.4 Engagement with members

The Fund's Communication Strategy sets out how it engages with active, deferred and pensioner scheme members including:

- The Fund maintains a website which provides general advice, information and updates including copies of all current policies.
- Members have secure online access to their own pension records in order to run retirement estimates.
- Member's annual benefit statements are available online or in writing (including large text) on request.
- Scheme members are able to arrange one to one appointments, by phone or at our offices, with members of the pension team to discuss specific matters.

E. Training

This area is mentioned but not fully covered in sections E (a) – (c) of our Governance Compliance Statement 2021. We have a Training Needs Assessment and for officers of the Fund a Knowledge Assessment. Our [annual reports](#) detail the training we have delivered.

E.1 Training Strategy

The Fund has adopted a training strategy which establishes how members of the Pension Committee, Pension Board and Fund officers will attain the knowledge and understanding they need to be effective and to challenge and act effectively within the decision making responsibility placed upon them. The training strategy sets out how those involved with the Fund will:

- Have their knowledge assessed; and
- Receive appropriate training to fill any knowledge gaps identified.

The Fund will measure and report on progress against the training plans.

E.2 Evidencing standards of training

Details of the training undertaken by members of the Pension Committee and Pension Board are reported in the Fund's annual report and in this statement.

Committee and Board members' subject knowledge is assessed on an annual basis. The results are analysed and any gaps identified are addressed as part of the ongoing training plans.

Targeted training will also be provided that is timely and directly relevant to the Pension Committee and Board's activities as set out in the business plan.

Officers involved in the management and administration of the Fund are set annual objectives which will include an element of personal development. These objectives are monitored as part of each individual's annual appraisal.

The CIPFA requirement for continuous professional development for s151 officers now includes a regular LGPS element. This requirement applies to the s151 officer for the Council as well as the district and borough councils within the Fund. The fund has complied fully with this requirement.
