About this Risk Register

The following colour coding is used for the 31 residual risk scores:

- Red ≥ 45 (03 risks)
- Amber ≥ 25 but < 45 (12 risks)
- Green < 25 (16 risks)

Risk scores can range from 0 to 100 and are derived by multiplying an impact score by a probability score as follows:

Impact = 0 (none); 5 (minor); 15 (moderate); 20 (major); or 25 (severe).

Probability = 0 (no chance); 1 (25% likely to happen); 2 (50:50); 3 (75% likely); or 4 (certain to happen).

The far-right column, Residual Risk Score, includes upwards or downwards arrows if the score has changed since the previous Risk Register (as at 08 06 2021 in this case).

In the far-right column, Residual Risk Score, the scores in brackets below the current score indicate what the previous score was if the score has changed since the previous Risk Register.

The 31 risks logged in this register are in highest Residual Risk Score order:

WPF 12 (Chief Financial Officer)	Mismatch in asset returns and liability movements.	Exposure to risk or missing investment opportunities or increases in employer contributions.	25	3	75	We regularly review our Investment Strategy Statement (the current one that updated the March 2020 one was approved by the Pensions Committee in March 2021), have a diversified portfolio and implement a policy of extended recovery periods to smooth employer contributions. Qualified advisers including an independent investment adviser are contracted and set objectives that are reviewed regularly. Funding position, actuarial valuation assumptions and mortality / morbidity experience are reviewed regularly by the Pensions Committee. Strategic asset allocation is reviewed quarterly by the Pension Investment Sub Committee. We have equity protection arrangements in place up to Feb 2022 for all of our passive market cap equity funds. We continue to liaise with all our investment managers in response to the initial market falls and ongoing market volatility caused by COVID-19, although equity markets have recovered a lot of the initial losses. New ideas are always encouraged by officers who also carry out peer group discussions. Monthly Investment Working Group meetings are held between the partner funds and LGPSC to explore new investment opportunities.	25	2	50
WPF 10 (Chief Financial Officer)	Being reliant on LGPS Central Limited delivering its forecasted cost savings.	Paying too much in fees / investment under-performance.	25	2	50	Whilst the Pension Investment Sub Committee and LGPS Central's Practitioners' Advisory Forum (PAF) monitor the costs of being a partner fund of LGPS Central Limited, there is little they can do about LGPSC admitting that any expected cost savings will not emerge as soon as anticipated. Whilst we have not transferred many assets so far, there are fixed costs of being a partner fund. The Monthly Investment Working Group meetings at which all 8 partner funds are represented review staffing changes at LGPSC and the performance of assets under LGPSC's management.	25	2	50

WPF 20 (Chief Financial Officer and Pensions Administration Manager)	Having insufficient resources in pensions administration, perhaps as a result of staff leaving or going on long term absence.	Insufficient staff resource or remaining staff not having the skills to do their areas of work.	25	2	50	Moving forward we are keen to continue our improvement and workforce planning, including increasing the training / knowledge of our team; making improvements to our processes that we have identified; offering online access to our members' pensions records; providing more detailed management information; and investigating one-off payments. We will be bringing forward proposals to the 8 December Pensions Committee that seek to improve our service by ensuring that we have the resources in place to deliver the Worcestershire Pension Fund of the future, a Fund resourced up for the challenges and projects ahead. We will be recruiting a replacement for the grade 3 full time member of staff who left us on 24 August. We are aware that another LGPS fund has advertised 100% WFH positions that do not require the jobholder to go to the LGPS fund. We have engaged an interim manager as a result of the retirement of our two most senior pension admin officers and are managing the maternity absence of one of our Senior Pensions Assistants. Home working has reduced the risks posed by COVID-19 re illness. Absences are managed in line with Worcestershire County Council's attendance policy. Exit interviews / questionnaires are used to explore the reason for anyone leaving.	25	2	50

WPF 23 (Chief Financial Officer)	Employers cannot pay their contributions or take on an inappropriate level of risk or their contributions take them too close to limits of their available expenditure.	Increase in liabilities.	20	3	60	Risk profile analysis is performed to understand the strength of an employer's covenant when setting the terms of admission agreements (that may require bonds) and in setting the term of deficit recovery periods after actuarial valuations. The aim is to keep employer contributions as stable and affordable as possible. During the 2019 actuarial valuation we actively engaged with employers by issuing interim results, by offering 1:1s with the actuary and developed an employer contribution election form. At a Fund level employers have confirmed that the LGPS remains affordable, a situation that we are monitoring in the light of COVID-19. We have been able to offer some flexibility in exceptional circumstances: a top 10 employer with financial pressure has been allowed to phase in increased payments, reflecting our policy of positive engagement with a view to strengthening employer covenants wherever possible. Contribution increases are phased over a three year period for most employers and allowances are provided for short term pay restraint where evidence is provided. We monitor membership profiles and changes, ensure that employers are reminded of their responsibilities where this is appropriate and work with at risk employers. We are currently analysing employers' 2020 financial metrics. We have collected employers' 2021 metrics and set up employer risk monitoring using Mercer's Pfaroe tool to enable us to monitor employer financial and other risks more closely. We have employer grouped investment strategies.	20	2	40

WPF 07 (Chief Financial Officer)	Future change to LGPS regulations or other legislation, for example from government legislation on minimum normal pension age or exit payments.	Increasing administrative complexity or failure to comply with The Pensions Regulator.	25	3	75	We have produced a 2021 FSS. In preparation for delivering the McCloud remedy we have been processing the hours changes that we have historically received and identifying the likely gaps in our data. We welcomed two full-time members of staff to the administration team in January and one in February. We plan to issue guidance to our employers on McCloud once we have identified exactly what we need from them and have consulted with our actuary on the contribution implications for employers who are not making advance financial provision. In Dec 2020 we implemented revised unisex GAD capitalisation factors in response to the £95K exit cap proposals that were disapplied. On 21 July we introduced revised factors that better reflect the funding cost of redundancies and are monitoring the situation, as HM Treasury wants to tackle unjustified exit payments. Officers participate in various scheme and industry groups and fora. The Committee and Board monitor LGPS developments. We are aware that GMP equalisation will affect historic non-club transfers out. We have set up employer risk monitoring using Mercer's Pfaroe tool to enable us to monitor employer financial and other risks more closely. We undertake annual covenant reviews, introduced employer grouped investment strategies on 1 April 2020 and work with at risk employers.	20	2	40
WPF 33 (Chief Financial Officer)	Climate Change	Investment under-performance	20	3	60	A DWP policy consultation response and consultation on regulations entitled Taking action on climate risk: improving governance and reporting by occupational pension schemes was launched on 27 January running until 10 March. The scope of the regulations does not include the LGPS. However, regulations are expected from MHCLG to substantially mirror the requirements set out in this document. We have a Climate Change Risk Strategy in place. We have produced our Climate Related Financial Disclosures. We ask our investment managers to present their TCFD report and to deliver carbon risk metrics on their portfolios.	20	2	40

WPF 11 (Chief Financial Officer)	Failure to pool assets using LGPS Central Limited.	Lack of compliance with Ministry of Housing Communities & Local Government (MHCLG) requirements.	25	3	75	We are a working member and shareholder of LGPSC. The pool went live from the 1st April 2018 and met the government's pooling timetable and to the required standard. It also complied with FCA regulations. Each pool member has an equal share in the pool and the first Shareholders meeting and central committee have taken place. There is a Practitioners Advisory Form (PAF) with the pool's investment managers that meets monthly. The pool has a number of work streams: investments; client reporting; finance; responsible investment; and governance. Formal transition procedures are in place. We will take legal advice before not pooling our assets and monitor the willingness of the pool to invest in the sort of assets that could have a positive impact on future funding levels. The first transfers of our assets (in emerging markets and corporate bonds) were undertaken in July 2019 / Feb 2020. Infrastructure investments and private debt are currently being looked into.	15	2	30
WPF 31 (Pensions Administration Manager)	Pandemic affecting our staff / our employers' Payroll or HR staff / staff at payroll providers who provide services to us or our employers.	Inability to deliver critical functions like paying deaths.	20	2	40	Whilst we have successfully moved to home-working supported by a small postal / scanning service at County Hall and expect to be able to adapt to the new ways of working, our workload and resources have as yet not been tested by a significant increase in member deaths or in staff absence. We are not experiencing problems with suppliers / employers. We continue to be vigilant and to keep our priorities under review by monitoring our KPIs and the guidance from Public Health England / the LGA. In preparation for a future wave, we are planning to introduce the facility to send written communications electronically to a distribution house to print / envelope and post. We have also developed amendments to our normal procedures that would cope with staff, data or systems being unavailable and specifically cope with increased volumes of deaths. We will continue to review capacity v resources and to liaise with other LGPS funds over their proposed ways forward.	15	2	30

WPF 06 (Chief Financial Officer)	Fair Deal consultation proposals being implemented.	Increasing administrative complexity.	15	3	45	Government consultations are being delayed as the government focusses its efforts on COVID-19. When the regulations come out we will develop measures to mitigate this risk. Risk profile analysis is performed to understand the strength of an employer's covenant when setting the terms of admission agreements (that may require bonds), and we ensure that employers are made aware of consequences of their decisions and that they are financially responsible.	15	2	30
WPF 24 (Pensions Administration Manager)	Employers having insufficient skilled resources to supply our data requirements.	Missing, incomplete and incorrect records on pensions administration system that undermines service delivery and causes difficulties in establishing correct benefits at individual level / liabilities at employer and whole of Fund level. Potential issues with The Pensions Regulator.	15	3	45	Following the LGPC producing some guidance for LGPS funds about collecting data from their employers to deliver the remedy, we have been processing the hours changes that we have historically received and identifying the likely gaps in our data. We welcomed two full-time members of staff to the administration team in January and one in February. We plan to issue guidance to our employers on McCloud once we have identified exactly what we need from them and have consulted with our actuary on the contribution implications for employers who are not making advance financial provision. Following our annual employer consultation we updated the Pension Administration Strategy on 1 April 2021. We support employers with monthly newsletters / an area on our website / employer fora (the latest of which was held on 22 April). Officers have developed a 'New to the LGPS?' employer workshop and an employer workshop on 'Form Completion' to follow up on the 'Pensions Development Pathway', employers 'How to' and the 'What the Fund expects from its employers' calendar. We have produced a 'Transfers of staff between our employers / academy conversions' guidance note and accompanying Excel spreadsheet and expanded this material by developing information for employers ill health retirements. Checking individual records at points of significant transaction is undertaken.	15	2	30

WPF 02 (Chief Financial Officer)	Insufficient knowledge amongst members of Pensions Committee / Pension Board / Pension Investment Sub Committee members.	Poor decision-making / scrutiny.	15	2	30	We delivered induction training to the 3 new Pensions Committee members on 3 June 2021. We delivered training on 'How an LGPS employee member can improve their lot' on 20 July 2021. The next training session (on investment in infrastructure / property / private debt) is scheduled for 21 September. We delivered a deep dive to the Pension Board on our annual report on 8 June 2021. We have reviewed our Statement of policy on our discretions (as an administering authority) and delivered a deep dive to the Pension Board about them on 10 August 2021. The next deep dive session on 14 Oct is scheduled to cover stewardship. Training policy, sessions and plans have been implemented in line with the Chartered Institute of Public Finance and Accountancy (CIPFA) knowledge and skills framework / best practice guidance. A meeting with the Chairs of Committee / Board / Investment Sub Committee to discuss a paper that summarises our previous training deliverables and the approaches used / available in the market was held on 6 September.	15	2	30
WPF 08 (Chief Financial Officer)	Failure to appoint suitable investment managers and review their performance / markets / contracts.	Investment underperformance / regulatory non-compliance / paying too much in fees.	25	3	75	The Pension Investment Sub Committee is delivering more effective decision making than its predecessor, the Pension Investment Advisory Panel, that had to have its recommendations approved by the Pensions Committee. It monitors performance of our diverse range of investment managers (including LGPSC), meeting with / placing managers on watch as appropriate. We carry out a subjective review and objective analysis of asset performance and take advice from the investment adviser, LGPS Central Limited / its partner funds. Contract service is reviewed quarterly by the Pension Investment Sub Committee. The Finance Manager - Pensions reviews investment managers' internal control reports and reports any significant exceptions to the Chief Financial Officer. CMA objectives for our Investment Adviser were agreed at the 17 March 2020 Pensions Committee and are reviewed and reported to Committee around every 6 months.	25	1	25

WPF 03 (Chief Financial Officer)	Failure of officers to maintain sufficient level of knowledge / competence or to act in accordance with our roles and responsibilities matrix.	Inability to carry out their duties.	25	3	75	Officers are appropriately qualified and participate in various scheme / industry groups / fora to keep up-to-date on pensions issues. They also review specialist publications. Officers have drafted a staff knowledge assessment to assist in developing its own workforce.	25	1	25
WPF 28 (Pensions Administration Manager)	Cyber attack leading to loss of personal data or ransom or our hardware being disabled.	Data Protection breach / fraud.	25	2	50	We organised a meeting with WCC's Enterprise Architect, IT & Digital who took use through the cyber-security measures that we have in place. These include measures to stop malicious emails; measures to remove malicious links in emails; measures to prevent outbound emails being sent to unacceptable recipients; measures to prevent access to fake websites; measures to encrypt our emails; measures to keep our laptops clean; and measures to catch ransom demands. We are probing the supplier of our pension administration system about what they have been doing to keep the cloud / our data / our login arrangements Altair / sending (bulk / individual) emails from Altair safe; what new threats they have popped mitigations in place for; what recent changes or patches have been made to their disaster recovery arrangements; evidencing (perhaps via internal or external audits) the things that they have done recently to keep up to date; and what ongoing vulnerability scanning they have in place alerting them to new vulnerabilities. We are addressing the issues raised by Grant Thornton's July 2021 IT audit report by introducing new control measures for removing access to our pension administration system for staff who leave; for password strength; and for reporting on access attempts / amendments to non-member data.	25	1	25

WPF 30 (Pensions Administration Manager)	Failure to maintain the quality of our member data	Paying incorrect or no benefits / problems with the Pensions Regulator / reputational or financial loss.	25	2	50	Our annual Mercer, Heywood and GAD data quality reviews shows our data is up with other LGPS funds. We have reviewed the results from our actuary's data quality tool that extends beyond the basic requirements of The Pensions Regulator in relation to 'common data'. The overall conclusion was that the estimated 'whole Fund' liability impact of the data issues flagged has increased slightly from c£15.6m to c£16.4m. As this remains at c0.5% of the Fund's liabilities, it is a comfortable position to be in and does demonstrate the continued excellence in data quality general for the core information used for actuarial calculations on which both operational and strategic decisions are made. However, as it revealed a significant increase in the number of frozen members with missing pensions (from c450 at 2019 to c1,600 at 2020), we tasked Mercer with providing us with a list of the deferreds with no date of leaving and investigated them. We will be using the standard approach re data collection for McCloud.	25	1	25
WPF 09 (Chief Financial Officer)	Being reliant on LGPS Central Limited's investment approach.	Investment underperformance / regulatory non-compliance.	25	2	50	We are challenging LGPSC's infrastructure ideas. The Pension Investment Sub Committee monitors performance of this investment manager. The Pensions Committee and officers carry out a subjective review and objective analysis of asset performance resulting from decisions taken by the Pensions Committee following advice from our investment adviser.	20	1	20
WPF 19 (Pensions Administration Manager)	Failure to procure a pensions admin system for the future.	Inability to pay pensions / reputational or financial loss / staff downtime / loss of service delivery / data loss.	25	3	75	We have extended our existing pensions administration system supplier's contract for 3 years from 30 April 2021 that opens the way for us to decide what to do re add-ons like i-Connect (middleware for the transmission of data from employers to us electronically) and Member Self Service (online access for members to their pension record).	15	1	15

WPF 22 (Chief Financial Officer)	The following key actuarial assumptions set at each actuarial valuation do not match our actual experience between actuarial valuations: the number of ill health retirements; that employer strain costs associated with early / redundancy / flexible retirements are covered by the payments collected from employers; pay / price inflation; and life expectancy.	Increases required in employer contributions.	20	2	40	To respond to the now disapplied £95K exit cap in Dec 2020 we adopted (and on 21 July implemented revised) unisex GAD capitalisation factors. We have introduced monitoring for all ill health retirements, advising employers of the increase in their liabilities associated with each case. We have made ill health liability insurance available to our employers to mitigate our exposure for those employers who take up the insurance. We check that employers have paid their strain costs for non-ill health cases and ensure that employers are made aware of the financial consequences of the retirements they offer their employees. We have added wording to our redundancy calculations about the government's intention to bring forward proposals to tackle unjustified exit payments. During the 2019 actuarial valuation we highlighted to employers the need to make realistic pay assumptions and required evidence from employers to support any reduced pay inflation allowance within their assumptions. The impact of price inflation is mitigated to some degree as we invest in assets which are sensitive to changes in price inflation e.g. index-linked Government bonds. We intend to develop the investment pots further to provide greater inflation protection. Mortality assumptions are set with some allowance for future increases in life expectancy, and the cost cap should limit the impact of improvements in life expectancy, something that would not be expected in the short term following COVID-19.	15	1	15

We have obtained business continuity assurance from Heywood as part of its COVID-19 response. Contract service is reviewed annually and there are regular meetings with Aquila Heywood. Robust system maintenance routines. Internal and external systems support. Back-up procedures. Business Continuity Plan. The Pension Administration Strategy reminds employers of their responsibility to provide accurate and timely information on pay. The current pensions administration system's hosting Altair has been moved from WCC servers to a cloud solution supplied by Aquila Heywood. We have signed up to the national LGPS framework for pension admin systems and as Heywood are an approved supplier we have independent validation of its current arrangements.	15	1	15
WPF 21 (Chief Financial Officer)	Failure of business continuity planning.	Inability to deliver critical functions like paying pensioners.	25	2	50	Our and Worcestershire County Council's (WCC) Business Continuity Plans have passed the tests posed by COVID-19 to date. The current pensions administration system's hosting Altair has been moved from WCC servers to a cloud solution supplied by Aquila Heywood that means it is more securely backed up. We will review lessons learned from its successful response to COVID-19 as we move out of lockdown. We will ensure that WCC includes delivery of support services to us in its Risk Register. WPF 13 (Chief Financial Officer)	Liquidity / cash flow is not managed correctly.	Assets may need to be sold at unplanned times or investment opportunities may be missed.	15	2	30	The Finance Manager - Pensions monitors cash flow on a monthly basis. We currently have under 15% of total net assets exposure to illiquid assets. All contributing employers are provided with deadlines for payments and clear guidelines for providing associated information. We monitor contributions payable and paid on a monthly basis and also reconcile to E5 (our accounting system) on a monthly basis.	15	1	15
WPF 14 (Chief Financial Officer)	Failure to exercise proper stewardship of our assets.	Potential erosion of investment returns or reputational damage.	15	2	30	We have been successful in our application to the FRC for signatory status to the UK Stewardship Code 2020. We participate in the Local Authority Pension Fund Forum (LAPFF) and other groups. The Pension Investment Sub Committee monitors Environmental, Social and Governance (ESG) policy regularly. We have conducted an ESG audit and a sustainable development goals (SDGs) mapping exercise which will aid our stewardship and help inform our future investment strategy.	15	1	15
WPF 26 (Pensions Administration Manager)	Fraud by staff.	Financial loss.	15	1	15	Audits of our processes take place on an ongoing basis, checking samples. Changes to Altair leave a footprint that identifies who made the change. Manager checking remains in place, supporting 'business as usual' whilst staff are working from home. Citrix has log-in security. Altair has multiple login protections. National Fraud Initiative information is processed every six months. We have joined Tell Us Once. Month end reconciliations are also carried out.	15	1	15
WPF 15 (Chief Financial Officer)	Failure of the actuary to deliver the services contracted. WPF 01 (Chief Financial Officer)	Failure of governance arrangements to match up to recommended best practice.	Financial loss or loss of reputation / employer confidence or need to make major changes at short notice. Audit criticism or reputational damage.	25	2	50	Following an annual review our 2021 Governance Policy Statement was approved at the 16 March Pensions Committee. The annual review and audit / sign off arrangements for the annual report that includes our Governance Compliance Statement are in place for 2021. The accounts are checked against the Chartered Institute of Public Finance and Accountancy (CIPFA) example accounts and an external audit accounts checklist. We have reviewed our Statement of policy on our discretions (as an administering authority). We have an updated Good Governance position statement. We are also closely monitoring The Pensions Regulator's plans to combine 10 of its 15 existing codes of practice into a new, single, combined and expanded modular document that identifies the legal duties of pension funds and provides advice on how to meet them. All in all we expect that delivering on Good Governance will be a big work-stream in 2022, as TPR expects to lay the new code in Parliament after spring 2022 with it becoming effective after summer 2022.	5	1	5
WPF 17 (Chief Financial Officer)	Failure of custodian to deliver the services contracted.	Loss / inaccessibility of assets / inability to invest.	25	1	25	COVID-19 has not proved a problem for the Finance Manager - Pensions review of managers' SAS70 audit reports. We have diversification of custody via pooled funds. Contract service is reviewed annually and there are regular meetings with the supplier, BNY Mellon. Audits were completed in 2020.	5	1	5
WPF 04 (Chief Financial Officer)	Not having an established and meaningful Business Plan / Pension Administration Strategy.	Poor decision making and delays in responding to stakeholders e.g. elected members.	5	4	20	Pension admin KPIs / investment performance / project summaries are included in the Business Plan reviewed by the Pension Board and Pensions Committee on a regular basis. Investment performance is independently confirmed by Statesmen. E5 (our accounting system) management reports are available and automatic reporting is in place on the pensions admin system. Following our annual employer consultation a revised Pension Administration Strategy has been in place since 1 April 2021.	5	1	5
