Corporate Budget Position – Quarter 3 (Period 9)

Key Headlines – 2023/24

- At the end December, our net overspend was at **£19.2m** on a £401m net budget – this was **after** using one off monies from additional income from business rates (£4.1m), £9m additional use of reserves (on top of £5.5m used to balance the budget approved before the start of this year) that were set aside in the budget to manage.
- Our structural deficit (*a budget deficit due to our ongoing expenditure greater than our income*) is **c£35m**.
- Our overspend position is not because of poor control, oversight or policy decisions. It is simply an exceptionally large increase in our costs for demand-led services, set against our constrained ability to raise additional income.

Savings within the 2023/24 Budget

- £22.4m of savings built into the overall budget
- 76% rated as green i.e., delivered or expected to be fully delivered and 24% rated red where there is significant risk of non-delivery
- £1.6m relate to one-off use of grants, including Public Health, and a further £1.5m are one-off, giving a recurrent pressure from 2024/25 of £3.1m which has been built into the 2024/25 base budget

- Current value of the Capital Programme for 2023/24 to 2026/27, following approval by Full Council, totals £390m
- 54% is funded via external sources, namely developer contributions (s106 funding) and government grants including those allocated to the County Council for scheme delivery by district partners. The remainder is a mixture of borrowing (40%), capital receipts (4%) and use of earmarked reserves held for capital (1%) and revenue funding (1%)

Spending Controls for the Council

Management actions have been put in place to control spending across the council to reduce the deficit in the current financial year based on the following principles, spend will be allowed on:

- Existing permanent staffing and payroll costs,
- expenditure on goods and services which have already been received,
- contractually committed expenditure,
- urgent expenditure to safeguard vulnerable residents (Adults and Children),
- expenditure required to deliver the council's provision of essential statutory services at a minimum possible level, which includes adults and children's services including HTST,
- agreed political priorities of the council,
- expenditure necessary to achieve value for money and / or mitigate additional in year costs and / or generate additional income where evidenced through an "invest to save" business case.

Financial planning, strategy and the Medium-Term Financial Plan

- Required refresh of the MTFP has been approved by Council.
- Significant and sustained inflation.
- Extremely challenging time for local government.
- Council remains focused on living within its means.
- 2024/25 budget setting process has been extremely tough as the Council seeks to achieve its priorities whilst meeting the growing cost of demand, all from within limited funds.

- 15 Feb Council Report outlines all the areas of pressures, demand and savings and efficiencies.
- Appendix 3 outlines the approved savings and efficiencies as part of the budget.

Proposed Budget	2024/25
	£m
Structural deficit	35.0
Pressures and Investments	52.0
Removal of non-recurrent reserves	0.0
Total pressures and investments	87.0
Funded From:	
Government Funding	-27.9
Council Tax	-19.6
Additional use of Reserves	-2.3
Savings and Efficiencies	-37.2
Gap	0.0

Key Messages

- Very difficult time for local government
- Essential that services remain within budget and implement the delivery of the £37.2m savings
- Council will still constantly review and ensure we only spend where it is absolutely necessary throughout 2024/25.

Key Headlines – P9 Revenue Position for E&I

- Forecast overspend of c£0.7m (1% of the net budget)
- Inflationary pressures being seen in the department and the continuing need to employ consultants to cover hard to fill vacancies
- The most significant variances from budget
 - Planning and Regulation is forecast to overspend by £0.5 million, with pressures in Transport Planning which is after the full utilisation of the £1.037 million earmarked reserve.
 - Within Waste Management, there is a £0.5 million overspend projected, due to rates on waste tonnage increasing beyond what was assumed at budget setting. This is net of a favourable position relating to recycling within the contract.
 - £0.5 million underspend in Road Lighting, based on the current LED rollout reducing kWh usage by 20% rather than the expected and budgeted 15%.

- Current value of the Capital Programme for 2023/24 to 2026/27, approved by Full Council at [Appendix 2 - Capital Programme.pdf \(modern.gov.co.uk\)](#):
